

GOLD THE BASIS FOR ALL MONEY

Republican Convention Will So Declare in Platform.

SMALL COMFORT FOR THE SILVER MEN AT ST. LOUIS.

Indications That the Declaration Will Be for the Yellow Metal—National Committee Seats McKinley Men—Gossip About Vice Presidency—What Henry C. Payne of Wisconsin Thinks—A Bolt Is Not Feared Political Gossip.

St. Louis, Mo., June 12.—The meeting which it was announced that the republican advocates of silver would hold last night was postponed on account of the non-arrival of prominent silver advocates who were expected. Col. Trumbo, one of the delegates from Utah, gave out the following as the declaration which he thinks the western men would be willing to accept on the silver, lead and wool questions: "The republican party is in favor of the free and unlimited coinage of gold and silver at the ratio of 16 ounces of silver being equivalent in all functions of money to 1 ounce of gold when coined into dollars of the United States of America."

"Noticing that under the tariff act of March 2, 1867, the wool industry was more prosperous than during any other period in the history of the country, and observing that the present free-trade policy of the democratic administration has ruined that industry, the republican party, not less eager today than in the past to uphold the interests of those engaged in the raising of wool, hereby stands committed to the reinstatement of the schedule on wool as enacted in the tariff law of 1867. "The republican party is in favor of the re-enactment of the tariff schedule of 1890, providing for a duty on lead ores, without taking note of the value of the silver associated with the lead in the ores imported."

The more the matter is considered the more probable it appears that the national platform will conform very close to that of the Indiana convention, with all reference to a ratio stricken out. The Indiana platform declares against the free and unlimited coinage of silver at a ratio of 16 to 1. It is proposed to cut off the sentence quoted and end with a straight declaration against free coinage. It is asserted by the gold men that if the declaration is against free coinage "at a ratio of 16 to 1" it will give opportunity to say that there is no declaration against 15½ to 1 or 16½ to 1 or against any other ratio than that designated in the platform. It is quite apparent that there is a determination to make the platform for the single gold standard, but there is a desire to avoid a declaration emphatic in these words, as it is believed that it would be offensive to some sections of the country and particularly several states in the Mississippi valley. All expectancy of forming a financial plank which would be satisfactory to Teller and his followers from the silver-producing states has been long abandoned. A fight from the silver men cannot, apparently, well be avoided. The other portions of the platform will largely follow many past declarations of the party. The main interest centers upon the currency plank, and next in order of importance is the tariff, and these are the only themes that have thus far been discussed.

SEATS MCKINLEY MEN.

National Committee at St. Louis Making Short Work of Contests.

St. Louis, June 12.—Chairman Carter was prompt in calling the national republican committee to order at 10 o'clock Thursday, notwithstanding the absence of fully half of the members. The day's work was begun with the hearing of the California contests, beginning with that of the third district. Messrs. Denison and Hochheimer were placed upon the roll.

The contest in the fourth district, including the greater part of the City of San Francisco, was waged by W. V. Montague and Samuel M. Shortridge against J. S. Spear and H. I. Kowalsky, who claimed to be the regularly elected delegates. Spear and Kowalsky are McKinley men, while Montague and Shortridge are said to be for Allison. Spear and Kowalsky were seated.

The contest from the fifth Kentucky district, including the City of Louisville, resulted in seating Todd and Sapp, the McKinley delegates. From the Third Alabama District S. S. Booth and John Harmon were seated. They are McKinley men. In the contest in the Fifth Kentucky District, which embraces the city of Louisville, Mr. Clayton moved that Todd and Sapp should be given seats. Mr. Clayton's motion prevailed on a ye and nay vote, 28 to 6. Recess was then taken until 2 p. m.

The Florida contests were taken up upon the assembling of the afternoon session of the committee. All the seats in the convention from this state are contested. The contesting delegates-

at-large were first taken up. The contestants were Joseph E. Lee, John G. Long, Emory F. Skinner and L. W. Livingston, all favorable to McKinley. The contestants were Edward R. Gunby, Henry W. Chandler, H. S. Chubb and S. H. Coleman, who are Morton men. Mr. Martin of Pennsylvania moved that the Lee-Long delegation be seated. The roll was called on this motion, and it prevailed unanimously.

The two district contests from Florida were disposed of next. In the First district contest the roll call resulted in the seating of White and McCombs, the Morton delegates. The vote was 23 to 20. The Ninth Georgia district contest was decided in favor of A. J. Spence and J. B. Gaston, McKinley delegates.

The Mississippi contests next engaged the attention of the committee. In this state the entire state delegation is contested. The claimants for the seats of delegates-at-large were on the one side James Hill, J. S. Burton, A. M. Lea, and E. H. Lampton, and on the other A. N. Anderson, W. B. Sorsby, W. A. Alcorn, and W. E. Mask.

The committee decided, without division, on a motion by Mr. Wilson of Delaware, to seat the Hill delegates. The contestants from the First district were J. M. Bynum and W. E. Parker and the contestants W. F. Elgin and R. D. Littlejohn. The two latter were seated.

The district contest from Mississippi were then taken up, beginning with the Second. George W. Buchanan and William Simmons were seated. The vote stood 22 to 19 in their favor. After a hearing Wesley Crayton and Joseph E. Ousley were seated as the delegates from the Third Mississippi district.

The contest from the Twelfth Missouri (St. Louis) district was next considered. Nathan Frank and Charles D. Comfort were seated. They are McKinley men.

SECOND PLACE TALK.

Evans of Tennessee Largely Supported by the South—Other Candidates.

St. Louis, Mo., June 12.—The vice-presidential gossip goes the rounds, and there are all sorts of rumors on the subject. It was stated last night that telegrams had been received stating that Tom Platt of New York was en route with a vice-presidential boom for Governor Morton. The story also goes on to say that Platt has intimated that with Morton for second place the dissensions in New York can be healed, and that everything will be lovely, and New York made certainly republican. On the other hand, however, word comes that Cornelius N. Bliss, the treasurer of the national committee, is en route here in a private car, and has indicated that he would like the vice-presidency. The inside sentiment continues to be in favor of keeping out New York, yet it is possible that some new developments will occur after the arrival of Platt to bring it in the direction of Morton. The Hobart boom, however, is in first-class shape, and likely to remain so to the end.

The boom for General Edwin McAlpin for the vice-presidency will be formally launched Saturday with the arrival of the New York delegation. There is more or less talk about Evans of Tennessee, who is a popular man, and who made a good record in congress and the postoffice department.

Discussing the probabilities as to the nomination of the convention for the vice-presidency, Henry C. Payne, national committeeman from Wisconsin, said that the nomination would, in all probability, go east, and he thought it would be thrown to either New Jersey, New York, or Pennsylvania. Senator Gear of Iowa has been given second place in one of those sweeps of the imagination which has conceived a necessity for placating the state of Iowa because Senator Allison could not be nominated for president. The fact appears that there are a number of rather eager aspirants for the vice-presidency, and for several of them there is very warm feeling in the McKinley camp, and the indications now seem that one of them will be selected.

BOLT IS NOT FEARED.

Protection Said to Be More Important to the West than Silver.

St. Louis, Mo., June 12.—There is a growing belief that the extreme silver men are not going to be successful in their efforts to bring about a bolt of sufficient dimensions to prove formidable. The only delegation whose leader has inflexible prejudices in favor of silver is the one from Colorado. Senator Teller's admirers expect him to get up and walk out of the convention hall when he learns that a "sound money" plank will be one of the fundamental principles of the republican platform. Senator Teller, however, is too sensible a man and too astute a politician to do anything so rash. The plans of the silver men were thoroughly discussed at the Southern by a number of Western delegates, and the foregoing is a synopsis of the conclusions reached.

It is said to be a mistake to suppose that the delegates from the west are in favor of the unlimited coinage of silver at 16 to 1. Many of the citizens of the Western states want free silver, but they want a protective tariff more than they do free coinage. Trumbo of Utah insists that the convention must declare positively one way or the other. "If we are beaten in our fight for silver," said he, "we will cast every one of our votes with the east for gold."

Manley Issues a Statement.

St. Louis, Mo., June 12.—Mr. Manley

yesterday gave out the following statement:

"The action of the national committee at their meeting Wednesday, showing clearly their intention of placing in the temporary roll delegates favorable to Governor McKinley, which, in the end would mean 160 additional votes, caused me to make the statement that I did. I am as earnestly for Mr. Reed as ever, and am, with his friends, doing everything possible to bring about his nomination, and I urge upon his supporters throughout the country to make still greater efforts in his behalf."

Mr. Manley said that it appeared in some quarters that his statement of Wednesday was misunderstood, and in order that there might be no mistake as to what was his position, he had prepared this statement.

Fairbanks Slated for Chairman.

St. Louis, Mo., June 12.—It has been practically decided by a majority of the republican national committee that Charles W. Fairbanks of Indiana shall be given the place of temporary chairman. A telegram has been sent notifying him of the probability of his selection. It has also been suggested to Mr. Fairbanks that he deal almost exclusively with the financial question in his opening speech. It is understood that he will acquiesce in this suggestion and that he will take a strong position for an unequivocal declaration for the preservation of the present financial standard. There is now strong probability that Senator Thurston of Nebraska will be permanent chairman.

FUSION OF SILVER MEN.

All Believers in the White Metal to Come Together.

Topeka, Kan., June 12.—John W. Breidenthal, chairman of the populist state committee, thinks there is a prospect of a fusion of the silver men of all parties in the national campaign this year. He believes the populists would be willing to yield somewhat to the silver democrats and the silver republicans if the democratic convention of Chicago should nominate the "right kind of a man."

Asked the name of the man whom he thought the populists would be willing to endorse Breidenthal, said: "Well, there's Morgan of Alabama, a democrat, or Judge Caldwell of Arkansas, a republican. I believe the populists would be willing to accept either of them. Bland, too, ought to be acceptable."

Boies, he said, was not a silver man, and therefore out of the question; Don Cameron was from too far east, and Teller would not do because he came from a silver state.

Women Want a Plank.

St. Louis, Mo., June 12.—Mrs. Whitney, chairman of the Equal Suffrage club of St. Louis, Mrs. Calra C. Foltz and a delegation of women suffragists called on Mr. T. E. Byrnes, sergeant-at-arms of the convention, and requested an hour's time in the convention to make an argument before the convention in behalf of a woman-suffrage plank in the platform. They also asked for fifty seats in the convention hall. Mrs. Lillie Devereaux Blake will present the case of the equal suffragists to the committee on resolutions.

Mr. Platt Declines to Talk.

St. Louis, Mo., June 12.—Ex-Senator T. C. Platt of New York and Chairman Hackett of the New York republican state committee arrived in St. Louis last night. Mr. Platt declined to talk for publication until he had conferred with several men who were waiting to see him. He announced, however, that the fight would be carried on against the nomination of McKinley, just as if no statement had been made by Mr. Reed's manager that the Ohioan would be nominated on the first ballot.

Tanner Wants the Gold Standard.

St. Louis, Mo., June 12.—John R. Tanner, candidate for governor of Illinois on the republican ticket, has thrown down the gauntlet to the free-silver republicans. In an interview with a reporter he declared emphatically for the gold standard and said that the platform to be adopted by this convention should not hold out the slightest hope for the silver republicans.

Basis of Representation.

St. Louis, Mo., June 12.—The old effort to change the basis of representation in the delegations, so as to make it dependent on the number of republican votes cast in each state, is being again agitated, and at the same time denounced by the southern men generally, especially the colored men.

To Choose Officers Today.

St. Louis, Mo., June 12.—The national republican committee has decided to proceed to the selection of temporary officers for the national convention, including chairman, at 2 o'clock Saturday.

Minnesota Democrats for Gold.

St. Paul, Minn., June 12.—In the Minnesota democratic state convention at St. Paul Thursday the financial plank that was adopted by a vote of 436 to 323 is as follows:

"We are unqualifiedly in favor of the present gold standard of value. We favor the use of both gold and silver as money and believe that our government should coin and keep in circulation as a part of the circulating medium as large an amount of silver as can be employed without destroying

or threatening to destroy the existing parity of value between the unit in gold and the unit in silver. We are opposed to a descent to monometallism, and particularly to a silver monometallism, with its depreciated and depreciating standard of value. We are firmly convinced that the free and unlimited coinage of silver by our government at the ratio of 16 to 1—without co-operation on the part of other commercial nations of the world—would reduce this country to a condition of silver monometallism, entailing upon us a financial panic and commercial and industrial disaster. We are utterly and irrevocably opposed to the adoption of any such policy."

BASEBALL REPORT.

Games Played in the National League Yesterday.

There was a "reversal of form" among the ball clubs yesterday with a vengeance. Chicago turned in and downed the champions in one of the finest games of the year, while Cleveland's victorious career was cut short by Brooklyn, which recently had been running like a "dead one." The other games were not eventful. Scores:

A NEW ELDORADO.

Gold Fields of British Columbia Are Attracting Foreign Capital.

San Francisco, June 12.—The great South African mining kings, Cecil Rhodes and Barney Barnato, have turned their attention to the newly discovered gold fields in the region lying west and southwest of Lake Kootenai in British Columbia, just north of the international boundary line. They have sent their own experts out to investigate the prospects and report. He declares that the richness of the Rossland and Trail Creek mountain regions far surpasses anything that South Africa could ever have dreamed of. This report will doubtless be followed by the investment of a large amount of capital in that section by those mining magnates and other wealthy Englishmen who follow their lead in such enterprises.

As Viewed by J. Pierpont Morgan.

New York, June 12.—In speaking on the financial situation J. Pierpont Morgan said: "The situation depends entirely upon the platform adopted at St. Louis. If it is a sound platform—that is, gold—Europeans will begin to invest in American securities very largely. At present they are waiting for the announcement of the platform." When asked what he considered the proper platform, he replied: "Out and out for gold; no compromise; no straddle."

To Settle Venezuela Case.

London, June 11.—The parliamentary secretary to the foreign office, George N. Curzon, answering a question in the house of commons, said negotiations were proceeding with the United States with the view of bringing about a settlement by arbitration of the Venezuelan dispute. But, he added, in the public interest the government could not make any further statement on the subject at present.

Silver in West Virginia.

Parsons, W. Va., June 12.—The democratic county convention adopted free-silver resolutions. The democrats of Ritchie county instructed for the free coinage of silver, and that delegates vote for none but free silver men.

Bank at Edinburg, Ind., Fails.

Columbus, Ind., June 12.—At Edinburg Thursday John A. Thompson's bank closed its doors. William Threlkeld was made receiver. The assets are estimated at \$200,000. Liabilities less. Lack of deposits is given as the cause.

Ex-Gov. Felch Failing Fast.

Ann Arbor, Mich., June 12.—Ex-Governor Felch is rapidly failing, but is expected to live until tonight. The action of the heart is very irregular, and his great age, 92, is also against him. The end may come at any time.

Indorse Boies for President.

Omaha, Neb., June 12.—The silver delegates to the Chicago convention met Thursday evening and declared for Horace Boies for president. W. H. Thompson of Grand Island was named for national committeeman.

CONGRESS HAS ADJOURNED

Session Comes to an End Yesterday—The Closing Business.

Washington, June 12.—The final session of the house Thursday was devoid of public interest. The appropriations bill had been passed and the members simply waited for the end to come. Beyond a little misunderstanding between Mr. Bailey (Tex.) and Mr. Marsh (Ill.) the utmost good feeling prevailed.

On motion of Mr. Dingley a resolution was adopted for the appointment of a committee of three members to join a similar committee from the senate to wait upon the president to inform him that congress was ready to adjourn and ascertain if he had any further communication to make.

The usual resolution of thanks to the speaker for his impartial rulings was passed by a rising vote.

As the hands of the clock pointed at 4, the speaker arose and said:

"Gentlemen of the house of representatives: Before pronouncing the words which close the session, I desire to offer to the house my grateful recognition of its kindness. The thanks of the house of representatives is always a high honor, but is especially so at the end of a session where the speaker has been forced to say 'no' more times, perhaps, than in the history of any other congress.

"While thanking you for your kindness to me, I must congratulate the house on its conduct of the public business. Ordinarily a majority of two and a half to one—a majority of 150—means disorganization, faction and discord. In this house 150 new men of both parties have behaved with the steadiness of veterans, and if our connection with the other branches of the government, with different ideas, has prevented us from serving the country as we might have done, we, at least, have behaved with dignity, fairness and credit.

"With the kindest personal wishes to you all, I again return thanks. By virtue of the concurrent resolution of both branches, I declare this house adjourned without day."

LAST HOURS OF THE SENATE.

The "Deliberative" Branch of Congress Does Little and Goes Home.

Washington, June 12.—Vice-President Stevenson brought the session of the senate to a final close at 4 o'clock Thursday after a brief valedictory expressing his thanks to senators for their courtesies to him throughout the session. The closing scene was not of the dramatic order, but was marked by the placid serenity characteristic of the upper branch of congress. The senate convened at 11 o'clock, but no business was transacted beyond the formalities preceding an adjournment. The last bill to be passed was one urged by Mr. Sherman pensioning the widow of Gen. William H. Gibson, a prominent Ohio officer. Resolutions of thanks were unanimously adopted to Vice-President Stevenson and President Pro Tem. Frye for their impartial rulings in the chair. One of the last acts was to give the important immigration bill a parliamentary status by which it secures the right of way as soon as the senate reassembles. As soon as the vice-president announced the session closed the galleries emptied and senators exchanged good-bys.

FEW FAVORS FOR THE WEST.

Only Four States Succeed in Getting New Public Buildings.

Washington, June 12.—Excepting the case of Savannah, Ga., the western congressmen from the four new states—Idaho, Montana, Wyoming and Utah—are the only delegations which have succeeded in securing public building bills from this session of congress. Senator Dubois, who engineered the campaign in the senate, was importuned to consent to drop the amendments, but the western senators and representatives refused to capitulate on any conditions, and finally the house accepted them when Mr. Wilson of Idaho made the motion to that effect.

Appropriated \$515,759,820.

Washington, June 12.—Chairman Cannon of the appropriation committee of the house and Mr. Sayers of Texas, who is at the head of the minority of the committee, are preparing elaborate statements of the appropriations of this session of congress, which will be given to the press to-morrow. The actual appropriations for the session (exclusive of future liabilities contained in contracts authorized) reach a grand total of \$515,759,820.

Appomattox Monument.

Washington, June 12.—Senator Culom's bill appropriating \$70,000 for a site and the erection of a monument at Appomattox, Va., to commemorate the close of the war of 1861-65 was amended by the senate library committee by the substitution of \$50,000, and in this shape was reported favorably.

Women to Vote on Church Matters.

Detroit, June 12.—The diocesan convention of the Protestant Episcopal diocese of Michigan decided Thursday to permit women to vote upon election of vestrymen and other church matters.

Arkansas Candidate Withdraws.

Little Rock, Ark., June 12.—James H. Harrod, candidate for governor, has withdrawn from the race, leaving the field to Daniel W. Jones.

APPLETON COLLEGE GETS A GOOD LIFT

DONATION TO LAWRENCE UNIVERSITY IS MADE.

Mrs. John Edwards Gives One Thousand Dollars to Found a Woman's Professorship—Farmer Killed By a Bull—The Federation of Labor—State Specials.

Appleton, Wis., June 12.—[Special] Mrs. John Edwards, of Port Edwards, Wis., has donated a thousand dollars to Lawrence University for a woman's professorship. It will be known as "Edwards Alexander" chair of English literature. Seventy-seven thousand dollars has been subscribed for an endowment fund.

Gored To Death by a Bull.

Galesville, Wis., June 12.—[Special]—Daniel Bonum, a well known farmer of Centerville, was gored to death by a bull, while driving the animal from the pasture, and horribly mutilated.

Wisconsin Federation of Labor.

Racine, Wis., June 12.—The convention of the State Federation of Labor closed Thursday afternoon after choosing Appleton, Wis., as the next city for the convention, electing officers and passing a number of resolutions. There was an animated discussion over a plank in the platform in regard to the federation taking part in politics. It was carried, and the federation will use the ballot as a means to bring about what they consider better conditions for the workingmen.

Bankers Meet at Racine, Wis.

Racine, Wis., June 12.—At 10 o'clock Thursday morning the fourth annual convention of the Wisconsin Bankers' association was called to order by George W. Burton, of LaCrosse. In the state there are 300 banks. Out of that number 150 belong to the association, and nearly 100 delegates were present when the roll was called. A resolution was unanimously adopted that the association unalterably oppose the free and unlimited coinage of silver at the ratio of 16 to 1.

Milwaukee Strike Still On.

Milwaukee, Wis., June 12.—A large number of the striking railway men met in Liederkranz hall Thursday afternoon to listen to addresses. The object was to give the new railway project a boom. The strike situation is not changed materially. A few union men applied for positions but not sufficient to warrant the assertion that there is as yet an indication of a break in their ranks.

Shortage of the Plankinton Bank.

Milwaukee, Wis., June 12.—A. E. Fletcher, the confidential man of the assignee of William Plankinton, testified in court Wednesday that after all of the assets of the defunct Plankinton bank have been collected there will be a shortage of from \$250,000 to \$300,000. The total indebtedness of the bank was \$1,450,000.

Will Not Abandon the Field.

Terre Haute, Ind., June 12.—M. C. Rankin, treasurer of the national committee and member of the executive committee of the populist party, denies the reports from Indianapolis that the party will abandon the field in this state and support the democratic ticket if the democrats declare for free silver at 16 to 1. The committee on organization of the party, he says, is united and determined in the purpose to put a ticket in the field, and, furthermore, it will not again endorse candidates of either of the old parties or fuse with them in any local contest. The rule is to be that no candidate is to be supported who is subject to caucus control of either of the old parties.

University Trustees in Court.

Champaign, Ill., June 12.—The members of the board of trustees who were taken to the Circuit court of Champaign county, Wednesday evening, on warrants charging them with not complying with the flag laws of Illinois, appeared in the court again yesterday morning. The attorneys for the defendants made a motion that the indictment be quashed, and it was argued, State's Attorney Smyres representing the people of Illinois. No information can be had, but it is intimated that the court will make his ruling on the motion to quash the indictment this morning as soon as court opens for the day.

Chance to Win a Victory.

Glenwood Springs, Colo., June 12.—Judge Henry C. Caldwell of the United States circuit court, who is stopping here, was asked whether he would accept a nomination for the presidency from the populist and the silver conventions at St. Louis. He replied emphatically that he would not. He thought that if all friends of silver could be brought together they could win the greatest victory for the people since the days of Lincoln.

Call to Illinois Democratic Editors.

Peoria, Ill., June 12.—A. L. Hereford of the Mattoon Star was in the city making arrangements for a meeting of democratic editors to be held here the night before the democratic state convention. After having completed the arrangements he sent a call to every democratic editor in the state to meet in Peoria Monday evening, June 22, 1896, for the purpose of arranging a state democratic editorial association.

Afternoon at 2 o'clock—Annual meeting of the Alumni association, with brief addresses by the president, John Barlass of Rock Prairie, by the vice president, Miss Nellie M. Brown of Milton, and by six other prominent graduates.

Afternoon at 4 o'clock—Class exercises by the seniors and other students.

Evening at 8 o'clock—Senior concert by the Imperial quartette of Chicago.

The park has been much improved by the use of a mower and horse rake. Mrs. Dr. Catlin of Lake Geneva, is visiting at Dr. Borden's. "Popcorn" Hall's circus was an attraction for the "kids" while sidetracked here Thursday.

Miss Mary Borden has gone to Minneapolis where she will spend some weeks visiting friends. Mrs. Webster of Oregon, visited Milton relatives this week.

Pretty Home Wedding.

A very pretty home wedding was celebrated Wednesday at night noon at the residence of Rev. and Mrs. S. L. Maxson, when their only daughter, Charlotte D., was married to Dr. Joseph Leon Carr of Milton Junction. Rev. J. L. Maxson, father of the bride officiated, assisted by Rev. W. C. Whitford. The bride was attired in ivory brocaded silk trimmed with point lace and carried before a huge bank of ferns and the house was beautifully decorated with ferns, roses and potted plants. Miss Cora Clarke acted as maid of honor and Mr. Elfred Perry as best man. Misses Bessie Clarke and Anna Crumb were ushers. After the ceremony an elegant wedding breakfast was served. About eighty guests were present, only immediate relatives and the unmarried friends of bride and groom being invited. Among the guests present from out of town were: Mr. and Mrs. Bolser of Albion, Mr. and Mrs. T. A. Perry of Edgerton, Mr. and Mrs. Harrington of Madison, Mr. and Mrs. Fred Campbell of Edgerton, Miss May Hubbell of Janesville, Prof. and Mrs. Charles Maxson of Necedah and Kenyon Cohn of Chicago.

Good Ball Game.

The college club and the old nine, the latter being made up of the winning team of last year, assisted by Wooster, of Lima, Hare of Richmond, and Paul, of Milton Junction, had a royal battle in the rain Tuesday afternoon, and the old nine won by a score of eleven to nine. At the close of the seventh inning, the score was seven each. In their half of the eighth, the college team scored two runs. Their opponents had two men out and only one score in their half, when bad errors gave them three more and the game. It was by all odds the most exciting game of the season, despite the fact that the frequent showers made it almost impossible for the pitchers or fielders to handle the slippery ball. This was the first defeat that the college players have suffered this season, and they have no reason to feel down-hearted, as their opponents put up a strong game and had the best players. Batteries—College, Greene and Place; old nine, Hare and Wooster; umpire, Vickerman.

Children's Day Plans.

The Congregational church will observe Children's day. In the morning an illustrated sermon will be preached

by the pastor, and in the evening a concert exercise will be given by the Sunday School. The collection during the day will go to establish Sunday schools in neglected portions of the state. Rev. Victor E. Southworth of All Souls' church, Janesville, will speak to the people of Milton and vicinity, in the public park, on Sunday, June 21, at 3:30 p. m. Everybody is invited. The graduating exercises of the Milton public school will take place Thursday evening, June 18, in the Congregational church. Mrs. W. S. Alexander and daughter of Omaha are among the expected visitors at the Alexander homestead this summer. One hundred and fifty tickets for Janesville were sold here and at the Junction yesterday, and as many more people went by team and on bikes. Rev. L. A. Platts, D. D., the pastor elect of the Seventh Day Baptist church, will begin his labors here next month, his family coming later.

ALL CENTER WAS AT THE PICNIC

Only Two Men Stayed at Home—Other News Notes

Center, June 12—But two people were left in Center Woodmen's day, the postmaster and the preacher. P. H. Torpy and family had a narrow escape while returning from Janesville Wednesday afternoon. When near Frank Welch's hill a whiffletree bolt became loose and allowed the wagon pole to drop on the ground. The horses became unmanageable and ran for about half a mile before they could be stopped. A few scratches and bruises were the extent of the damages, and Mr. Torpy considers himself in luck. The next event for Center will be the Fourth of July celebration and flag raising. Henry Harvey, of Edgerton, has secured the refreshment privilege, and promises an abundant supply of red lemonade, ice cream, etc., so that all can celebrate. Mrs. Flora Campbell has been removed to Footville, where she will engage in the dress making business. Rev. I. Spencer leaves next week, for a month's visit with Pennsylvania relatives. Grant Fisher has about completed his new residence, and he expects to occupy it about July 1. Fred Vankirk will market a fine lot of early potatoes this week, who can beat him? Charles Hemingway and Miss Myrta Sadler will hold appropriate exercises at their respective schools at the close of the term, June 19. Alexander Caldwell has a new house keeper—weight 9 pounds. The "children's day" exercises at the church last Sunday night were especially fine and drew out the largest audience of the season.

CLASS THE LARGEST IN BADGER STATE

COMMENCEMENT EXERCISES
ARE AT AN END.

Diplomas and Good Advice Given By President Goldin, of the Board of Education—The Program Presented—The Alumni Reception and Banquet This Evening.

The largest class ever graduated from a Wisconsin high school, barring Milwaukee, received their diplomas at the Myers Grand last evening.

And more than that. It is also believed that the number of young men in the class, was larger, than ever before graduated from a Badger State school.

These two facts, President Goldin said in his address, afforded him much pleasure, and reflected great credit on the teacher, the schools, the pupils, and the people of the Bower City.

Last night's exercises closed the commencement program, and the week has been marked by new departures that show the thorough and practical education that Janesville young people can secure without leaving the city in which they live. The class was composed of bright young ladies and gentlemen, and that they have appreciated the advantages afforded them, is self evident.

The program was arranged as follows:

Music—Tennessee Jubilee Singers. "Hear Our Prayer" Rev. R. K. Manion. Bernard M. Palmer, International Arbitration. Ethel I. Fisher. The Invisible Motor. Music—Tennessee Jubilee Singers. "Suwannee River" Alice McGregor. Masks Not Faces. Frank L. McNamara. Individualism in Politics. Ethel M. Halsey.

Cultivated Brains the Best Capital For Service. Music—Tennessee Jubilee Singers. Ding Dong Bells. Sawyer. Sophie We. end. Chopin. Susie E. Low. R. Freedom Through Truth. Charles W. Re. der. School Rowdism. Music—Tennessee Jubilee Quartette.

Selection Address to Graduating Class. J. W. Goldin, Pres. Board of Education. Presentation of Diplomas. Music—Tennessee Jubilee Singers. Piusutti's "Good Night" Benediction.

Last Night's Exercises.

Bernard M. Palmer was the first speaker, his subject being "International Arbitration." He said that past experience had demonstrated that arbitration accomplished much in some cases, and if successful in some way not in all. Mr. Palmer is a gifted speaker and made a most excellent impression. He was fully informed on his subject, and handled it skillfully.

"The Invisible Motor" was Miss Ethel I. Fisher's theme and she clothed it entertainingly. The motor, she said was "will," and that it could conquer anything. Her essay was bright, forceful and entertaining, and her excellent delivery added to its power.

Miss Alice McGregor handled the subject, "Masks, Not Faces" in a particularly entertaining manner, and pleased the audience immensely. Her oration showed a depth of thought, and fund of knowledge quite unusual.

Individualism in Politics.

Frank L. McNamara spoke of "Individualism in Politics," and his address was worth hearing. He said that under the present system the bosses spoke and the masses obeyed. Men lost what was their best quality, and relinquished that which was the safeguard of the republic—their individuality. He dealt with the causes, effects, and remedies in a practical way, and held the undivided attention of the audience. Many speakers have talked to Janesville audiences who could not present their views of political questions as well as did Mr. McNamara.

Miss Ethel M. Halsey presented one of the most thoughtful papers of the evening. Her subject was, "Cultivated Brains the Best Capital For Service," and she handled it in a convincing manner. Once, she said, people said "cotton is king." Then that cry gave way to "iron is king." Now if the daily press indicated the trend of public opinion, the cry was "gold, or silver is king." But the time was coming, she said, when the cry would be as it should be, "mind is king."

Miss Weisend's Oration.

Miss Sophie Weisend's oration was on the subject of "Chopin" and she sketched the life and work of the great composer in a delightful vein. Her address was illustrated very effectively, by the artistic rendition of the writings of the man whose life furnished her the theme. His compositions reflected his sentiments, she said and illustrated by producing a mournful prelude composed during the dark days of the Polish rebellion in contrast with a light and airy love sonnet. Miss Weisend's command of language was adequate and her instrumental performances were finished and artistic.

Miss Susie E. Lowell spoke of "Freedom Through Truth" and presented a most interesting subject in a charming manner. Her logic was convincing, her delivery excellent, and her theme thoughtful and timely. Her paper was one of the best.

Charles W. Reeder spoke of "Class Rowdism." He said that students made demonstrations for the same reason that other people did. They celebrated the hard earned victories, that to them, meant as much as the victory of the politician or the soldier. Ambition was developed by these demonstrations, and without this ambition, there would be nothing to celebrate. When the student went be-

yond propriety and innocent manifestations of exultation, he said, the demonstrations became but rowdism of the worst sort. Mr. Reeder's delivery was finished and effective, and his excellent oration showed that he possessed unusual ability.

President Goldin's Address.

President Goldin, of the school board, then delivered his address to the class. It was short and to the point, and at the conclusion, the diplomas were presented to the class.

Music by "The Tennesseans" was followed by the closing benediction by Rev. Dr. Sabin Halsey, and the barks of fifty-eight bright young people were officially launched upon the troubled sea of life.

"Ad Astra per Aspera"—Onward and Upward—has been their school motto, and may it be the sentiment under which they fight life's battles.

ANOTHER PICNIC ACCIDENT.

Three Men Hurt at Beloit When a Draw Bar Pulled Out.

A special train on the Northwestern, from the Janesville picnic, made up of a dozen cars, stopped at the Beloit depot to let off a big crowd of the Woodmen and their friends. When the train started on its way south again, the draw bar of one of the coaches was pulled out.

Three men, William Atkins, Fred Bowley and a Mr. Boswell, who were among the crowd on the car platform, were carried over the rail by the shock. They were picked up and carried into the depot where Dr. Farr examined them.

Fred Bowley was found the severest injured, his hurts being internal, while Atkins and Boswell fared better.

The three men were taken to their homes in Belvidere.

BECKMAN IS AN ORGANIZER.

Former Janesville Cigar-Maker Honored by the Racine Meeting.

J. H. Beckman, the former Janesville cigar-maker, but now of Superior, was yesterday made one of the two state organizers of the American Federation of Labor at the meeting held in Racine. Frank J. Weber, of Milwaukee, who is well known here, was reelected to that position, he having been the state organizer for some years under the old rule that provided for but one man. The amendment increasing the organizers in Wisconsin to two, was adopted but a few days ago. The statement that the Federation will form a new party, is denied. The members will, however, exert their influence along the line decided upon at the Racine meeting.

THE OVERFLOW OF LOCAL NEWS.

POLLS ARE OPEN FOR C.E. BALLOTS

CONDITIONS ARRANGED BY LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month.

Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote.

Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

WASHINGTON COUPON.

ONE VOTE FOR

The person receiving the most votes between June 1 and July 1, will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

It is a remedy that none need fear to apply even to the most aggravated, swollen and inflamed hemorrhoidal tumors.

If you are afflicted with this stubborn disease you can master it and master it quickly. This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co., of Albion, Mich. Druggists sell it at 50 cents per box. It is becoming the most popular pile cure this country has ever known and druggists everywhere are ordering it for their customers.

WERE BAPTIZED AT CLEAR LAKE

Ten Candidates are Taken Into the S. D. B. Church.

Several hundred people witnessed the ordinance of baptism at Clear Lake. There were ten candidates in all, five from the Junction S. D. B. church, three from the Rock River church, and two from the Milton S. D. B. church.

Rev. William C. Whitford baptized the candidates from Rock River and Milton. They were Belle Vincent, Anna Crandall and Grace Pierce of the former place and Rena Green and Nellie Dunn from the latter.

Rev. G. W. Burdick baptized the candidates from the Milton Junction church. They were John Steffens, Grace Hull, Rollie Allen, Clayton Freeborn and Miss Eva Ainsworth of Beloit.

SENTIMENT IS AGAINST HOWE.

Darien Man Would Probably Be Unable To Secure Bonds.

Sentiment in the neighborhood of the Howe murder, at Darien, has undergone a change. At the time public opinion seemed to be unanimous as to the innocence of LeRoy Howe, rich farmers voluntarily offered to go on his bail bonds if necessary, to the full amount of their possessions. Now it is doubtful if he could find bondsmen, which fact shows how people change their minds. It is said that his parents believe he is innocent, and the grief-stricken father will make every effort within reason to clear him from the charge.

A DENTIST AND DOCTOR MIXED

G. W. Ferguson Had a Hard Time Finding Dr. H. A. Palmer.

An M. D. and a dentist were badly mixed up yesterday. G. W. Ferguson of Malta, Ill., started from the depot to find his cousin, Dr. H. A. Palmer, a special policeman directed him to Dr. W. H. Palmer's office. He was set right and called at the dental office, but found it locked, and was directed to the doctor's former residence. From there he went to the Y. M. C. A. building and finally to Dr. Palmer's Forest Park home.

NEWSPAPERS ON THE PICNIC

AN EARLY CONVENTION.

W. W. Clarke, of Milton, the first district member of the state central committee, has this to say about the county convention:

"This being a presidential year, all conventions to place candidates in nomination should be held early in the campaign. Every person seeking a nomination very properly devotes his time and effort, prior to the convention, to advancing his own interests, the success of his party being a secondary consideration. This is the chief reason why conventions should be held early and candidates placed in nomination, so that individual work may give way to a united and earnest effort for the success of the party in local, state and national politics. This is especially true as to an early county convention, owing to the fact that a chairman of the county committee is to be selected at, or after, the assembling of that convention. As will be remembered, the last county convention in structured each ward and town to select, at their caucuses, a representative on the county committee, and as these representatives are to select a chairman, it is important that each ward and town, which has not already made a selection, see to it that a man is selected for the position who is not only competent, but also willing, to devote the necessary time and labor to the work."

Every republican should rejoice that the party is not, like the democrats, divided into monometallic gold and silver factions. Since its birth the republican party has been, as it is today, the advocate of real bimetallicism, which makes every dollar issued by the government the equal of every other dollar.

The throwing of bouquets at Senator Teller by the democratic silver men is a trick that would not have been resorted to if the republican national convention was not to be held in advance of that of the democrats.

An esteemed exchange suggests the nomination of Professor Duncan McGregor for governor, which prompts the inquiry from many: "Who is Professor Duncan McGregor, anyway?"

Harry says he won't bolt the Chicago convention, but that's because he thinks he has a scheme up his sleeve to ouster the silver democrats. If his scheme fails he'll be found among the bolters.

The price of votes on the platform took a big jump as soon as it became certain that the silver men would control the democratic convention.

Mr. Cleveland has heard about the criticism of those bond issues, and his answer is to call congress another, for passing the river and harbor bill.

TWO FARM HOUSES ARE ROBBED
Gang of Tramps Visit Residences Near Shopiere—Police Notified

The local police were notified yesterday that tramps had broken into and robbed the O'Brien and Chamberlain houses, about eight miles from this city near Shopiere. People who reside in that vicinity say that a gang of tramps did the job, and afterwards escaped towards this city. A small amount of money was taken besides silverware and clothing. There is no clue to the thieves.

MACKENNA TAKEN TO BELOIT.
The Alleged Typewriter Thief Has a Hearing Today.

James MacKenna, the alleged Beloit typewriter thief, was taken to Beloit today by Sheriff Appleby for trial. MacKenna is considered a "hard case" and has been to Waupun, which fact will go against him in this case. District Attorney W. A. Jackson appeared for the state.

HIRE GRADE TEACHERS

School Board Met Last Night—Miss Kimball May Not Remain.

All the old teachers will be retained in the Janesville schools this year.

No salaries will be cut and three will be very slightly increased.

Miss Carolyn Kimball may not accept the position tendered her at the last regular meeting.

These were the principal subjects discussed at the special meeting of the school board held in the office of Clerk John Cunningham last night.

All the members were present.

The report of the committee on teachers was adopted recommending the retaining of all the former teachers, three of whom were given a slight increase in pay, while the salaries of the others were not changed.

Miss Carolyn Kimball, of the High school corps, who was re-elected at a salary of \$60 a month, may not accept, as she has received an offer of \$70 a month from the Baraboo school and is likely to accept it.

No other business of importance was transacted.

TROUBLE OF THE ELGIN BAND

Their Make Up Caused Them Considerable Embarrassment While Here

The members of the Elgin "hobo" band had troubles of their own while they were here. The Elgin News says they couldn't see themselves as others saw them. Ward Gale deposited his instrument with the others and started for one of the churches where the ladies were serving refreshments, and asked one of the sisters if that was the place where they had accommodations for him. Mr. Gale forgot that he wasn't attired in the customary uniform, with "Elgin Band" showing up conspicuously. Hence the trouble.

"He was gently but firmly informed that there were no accommodations there for him; that he came to the wrong hotel, etc. Ward couldn't see it and tried again. Same result. Then he went away with an injured look on his face.

"He wasn't the only one—oh no. There were others. It is said that three of our prominent musicians wandered in to get a drink (lemonade) and that the clerk, after sizing them up, said that they didn't keep 'lemonade' in that store."

W. W. CARGILL'S ELEVATOR BURNS
The Former Janesville Man Loses Heavily at Green Bay.

W. W. Cargill, the former Janesville man, is the principal loser by the \$80,000 fire that destroyed the W. W. Cargill grain elevator at Green Bay. The elevator contained 30,000 bushels of rye valued at \$10,000; 60,000 bushels of barley, worth \$20,000; and \$60,000 bushels of oats valued at \$12,000. In the freight sheds were 2,500 barrels of dairy salt and 20 barrels of cement. Two empty freight cars and one loaded car were also burned. The loss on the elevator building is \$30,000 and on warehouse sheds and office about \$5,000. The loss on cars and dock is about \$3,000, all partially insured.

A GREAT BOOK FREE.

When Dr. R. V. Pierce, of Buffalo, N. Y., published the first edition of his great work, The People's Common Sense Medical Adviser, he announced that after 680,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free.

As this number of copies has already been sold, he is now giving away, absolutely free, 500,000 copies of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to him, at above address, twenty-one (21) one-cent stamps to cover cost of mailing only, and the book will be sent post paid. It is a veritable medical library, complete in one volume. Contains 1005 pages, profusely illustrated. The Free Edition is precisely the same as that sold at \$1.50 except only that the books are in strong manilla paper covers instead of cloth. Send now before all are given away.

ROCK IS QUOTED BY PETITIONERS

Suit To Test The Apportionment
Act Is Begun.

DOCUMENTS FILED WITH AT-
TORNEY GENERAL TODAY.

The Seventeenth Senatorial District
Arrangement, Combining Green,
Lafayette and a Part of Rock
County Is Charged to Be Unjust—
Claim Made that Special Session
Was Illegal—The Other Alleged
Facts Set Forth.

The arrangement of Rock County's
senatorial district, is quoted as one
of the illegal phases of the new ap-
portionment, which was taken into the
courts this morning. The Gazette's
Madison correspondent sends the fol-
lowing dispatch:

Madison, Wis., June 12.—[Special]
—The suit to set aside the republican
apportionment was started this morn-
ing when a petition was filed, asking
the attorney general to bring an
action in the supreme court to test
the constitutionality of the act. The
attorneys for the petitioners are
Senator Vilas, ex-Congressman Burr
W. Jones, of Madison and Hon.
George C. Green, of Green Bay.
The document is a lengthy one and
replete with figures, etc.

Two Points Are Made.
The two principal points made by
the petition seem to be that the law is
unconstitutional because passed by
the special session of the legislature,
and secondly, because it violates the
constitutional rule that the senate and
assembly districts of the state must be
formed of contiguous territory with
populations as nearly equal as possi-
ble. As to the first point it is contended
that the governor had no power to
call a special session for the sole pur-
pose of passing an apportionment bill
and that as a consequence the legisla-
ture so called had no power to pass
any bill. On this ground it is con-
tended that the power to pass an ap-
portionment bill is unconstitutional
and void regardless of the fact
whether it has violated the rules as to
population, or not.

Seventeenth District Arrangement.
The petition sets forth the fact that
a large number of people have practi-
cally been disfranchised as far as the
coming election for member of the
state senate is concerned by being
transferred to other senatorial dis-
tricts in which they will not have the
right to vote for a state senator for at
least two years.

The greater portion of the petition
is devoted to a detailed consideration
of the various districts of the state in
which the rule as to contiguity of
territory and that as to equality of
population has been violated. For
example, the 17th district which con-
sists of the counties of La Fayette,
Green and the southern portion of
Rock, extends considerably more than
half way across the southern bound-
ary of the state, while in Rock county
the district is no where more than
twelve miles in width from north to
south and for a distance of eighteen
miles at its extreme eastern end it is
but six miles in width from north to
south.

The Relief Asked.
The petition consists of some sixty
pages of type written matter, and
deals with a large mass of figures re-
lative to the various districts formed
by the new apportionment act, and has
fully a score of maps attached to it,
which picture some of the most ob-
jectionable districts of the state and
suggest a better arrangement of the
territory into districts.

The relief asked by the petition is
that the attorney general will be
asked to bring an action in the Su-
preme Court of the state to restrain
the Secretary of State from carrying
the last apportionment law into exe-
cution by issuing notices of election in
the several districts. This contest
will involve a consideration of the
constitutionality of the new ap-
portionment act and will lead to a de-
cision upon the question by the Supreme
Court.

SHOW MEN AT WAR FOR COUNTY CASH

BUFFALO BILL AND RINGLING
BROS. AT IT.

Former Organization Will Be Here,
and the Latter at Beloit, and It
Is a Fight to See Which Great
Attraction Will Draw the Largest
Crowd.

A genuine "circus war," in which
the interests of Janesville and Beloit
are at stake, was begun today, be-
tween two of the greatest amusement
organizations in the world.

Will Buffalo Bill draw more people
to the Bower City, than Ringling
Brothers can attract to the Line City?

That is the proposition, and it is a
debatable one.

The "great and only Buffalo Bill
Wild West Shows" will exhibit at the
fair grounds, in this city, Thursday,
August 27, while "Ringling Bros'.
World's Greatest Shows" will pitch
their city of tents in Beloit, on July
20. Now it is war to the knife.

Beginning with this
week, Rock county will be billed by
advertising crews from these two
shows, as it never was before and no
expense will be spared. When the
circus season first opened Ringling
Bros. had mapped out their route
which carries them through this
section. Buffalo Bill's show is to
cover about the same territory only
one month later.

Bill's Bills Are in Evidence.

In order to "head off" the public,
Buffalo Bill sent his advertising car
No. 1, into Janesville, and is now hard
at work to beat the great Ringling
show, is possible. Manager Fred
Beckman, of Car No. 1, told a Gazette
man today, that Janesville was consid-
ered a poor show town, and for that
reason Ringling Brothers would rather
show at Beloit. Buffalo Bill, however,
will run the chances, and as these two
shows are at sword's points, and will
be all the season, it will be their
aim to see which will draw the great-
est crowd from "the body of the
county." Two more advertising cars
from the Wild West show will soon
follow, and Ringling Brothers will
get their paste brigade in the field as
soon as possible. The county will be
thoroughly covered by both organiza-
tions and the result of the war will be
awaited with interest.

SAY

IF WE HAD THE TIME.

If I had the time to find a place
And sit me down full face to face
With my better self, that stands no show
In my daily life that rushes so,
It might be that I would see my soul
Was stumbling still toward the shining goal.
I might be moved by the thought sublime
If I had the time.

If I had the time to let my heart
Speak out and take in my life a part,
To look about and to stretch a hand
To a comrade quartered in Nolluck Land—
Ah, God! If I might but just sit still
And hear the note of the whippoorwill,
I think that my wish with God's would
rhyme
If I had the time.

If I had the time to learn from you
How much for comfort my word could do,
And I told you then of my sudden will
To kiss your feet when I did you ill;
If the tears a back of the bravado
Could force their way and let you know—
Brothers, the souls of us all would chime
If we had the time.

—Richard E. Burton.

A CONFESSION.

In the twilight shadows of an evening in September a woman seated herself in an open window to peruse the day's mail.

The room was the tidy, correct chamber of a spinster.

Not a feature of the place or its belongings hinted at the thought of a girl in her teens.

All the literature, photographure and even the papering protested against the age of frivolity.

The small writing table, never littered by the moods of young scribes, was correct as usual, and with a Grecian patterned letter opener Eunice Raven cut the leaves of a New York posted letter.

People said—that is, they had so ventured when in the confidential presence of their dearest friends—that Eunice Raven once had an admirer.

No one knew positively that he actually reached the importance of a "beau," and as Eunice declined to claim any such article, surely no one could know better in the matter than the woman herself.

Eunice Raven was a good and unselfish woman in her small world, and ran the sands of life to end measure with out a suspicion of revolt, but there were times when she did rebel, and her rebellion only took her the oftener to her little room over the best parlor, where her Thomas a Kempis and other spiritual condiments were pencil marked anew.

If any one in Palenville had chanced to see Eunice Raven open that New York posted letter, there would have remained no doubt for them that she once had an admirer.

Out from the strangely directed envelope fell a small sized photograph—one of the old style, with never a bit of polish in the finishing, and nothing but grim featured lineaments depicted.

The face was a strong, manly countenance, with much frank kindness in the smiling eyes and a chin showing well tempered affection.

The picture brought a warm, girlhood glow to the gazer's face, while the light of a sleeping memory, dim at first and quickly deepening, flamed from heart to face.

The letter was a long one, closely written, and apparently with effort, crossed and recrossed womanwise.

Within was a second letter unopened, with the date of 19 years resting on its shamefaced surface.

Over the first, leaning toward the light and nerved for something more vaguely feared than discovered, Eunice read with puzzled face.

Over the second she paused, and the dim light of that rekindled memory again filled and glowed upon her.

She trembled with all the agitation of her girl heart aroused.

Taking it between her wiry fingers, Eunice studied the still unbroken seal.

Then aloud she read the date.

"If it had come to me then, there would have been no happier day in my life," she said.

"Nineteen years from his hand to mine."

She laid the letter down and dropped back in the chair.

Her position, reflected by the faithful mirror, was an awkward, slouching one.

It was just such she had maintained in her teaching last session that only a woman with no backbone would assume, and she at once sat erect in the instant correction of such laxity.

"Nineteen years too late."

And 19 years the wrong side of matrimony, when one is alone in the world, is little more than single misery.

Her eyes, blinded with hot, angry tears at the cruel, disappointing bitterness of it.

Then she read again the fine French sheets of milk white paper upon which the guilty confession of the writer looked blacker than at first.

As she read she tried to picture very correctly and justly the mind of the writer. She tried to be impartial. She tried to judge with the essence of judgment severity.

She succeeded in a large, full, teeming measure of mercy.

A few tears, and she, the accuser, became the defender. It is often a woman's way.

The writer of the letter—now ill, undoubtedly dying—was making confession for relief of soul.

Sister of the man Eunice Raven loved, and who had loved Eunice, she wrote how bitterly she had hated the very name of an unknown sister.

With no father or mother, and an only brother, who made her entire world, she had thought anything better than to lose his love and care, and when Eunice had come into his life, and he had announced his intention of asking to become nearer to him, this was the thing she had done:

"I felt," she wrote, "that I would beg, lie or steal before you should come home here, and when brother went to his room to write you to become his

wife I knew that letter and I knew my brother.

"And the devil knew me in the hour of my wicked weakness. The letter I intercepted and hid.

"I knew his spirit of sensitive pride so well that when the tempter whispered, 'He will never write but once,' I knew it well.

"I knew if he never had an answer from you that there would be no other word from him to you.

"I have lived with the torture of that stolen letter, which your heart has wrung from mine a thousand times in our silent spirits' war, with you ever conquering. * * * I am dying, but the home and the brother are here.

"Come in unto him and dwell with him.

"Preside at my chair, sit at my plate, drink from my cup, and may God grant you a double blessing and me a double mercy. Amen."

And so Eunice wept. Not for herself; her sufferings had been years in darkness, and here was light. And through such she looked into the soul of that other woman.

And then she prayed. She was beyond the dear Thomas-a-Kempis and Tlestone gems of her agony hours.

She went to God with that other woman.

And when she arose from her knees, instead of opening that letter she dried her eyes and smoothed her hair for the tea table.

When a gentle little old lady put her head with a jerk in at the door and said, "Tea is ready, Miss Eunice," she followed her without a word and drank tea with her same daily precision. And when, tea being over, she and the gentle little old lady sat out on the quiet piazza together, with only the song of sleepy insects and the great beauty of a mountain night, she said:

"Miss Annie, I have a story to tell you."

And the gentle little old lady heard with an amused interest Eunice Raven's romance.

"Now, Miss Annie, what ought I to do? Pray for me tonight and tell me when you call me in the morning," finished Eunice.

"Tell you what you ought to do! Why, Miss Eunice, marry him! Just to think, you poor dear, as much as I have liked your quiet way as a boarder, and that bad, too, as I dreaded taking you. You have never given me the trouble of a kitten, though. I should miss you more than a hall orphan asylum."

"Remember, Miss Annie, it is 19 years, and I have not read his letter yet," returned Eunice.

"Not read the letter yet!" exclaimed the gentle little old lady. "Well, you do beat all. But one bean, and never had but one letter, being 19 years coming, and you not read it yet. Land o' love, Miss Eunice, I'm amazed. I should go right up stairs and read that letter this very minute."

Eunice Raven went slowly to her little room, but as soon as she entered the very dots in the curtains began to dance before her, and the white chair covers and bedspread all seemed shrouds that gave her shivers.

Going to her trunk, she unpacked a picture of herself in youth. She held it critically before the candle glare. It mirrored a fresh, bright, happy face.

She compared it with her poor, worn one. The significance of the act was the last and saddest truth of her wretched misery.

"Sorrow beautifies only the heart, not the face of a woman."

"Ah!" exclaimed Eunice, holding the image of her girlhood at arm's length. That night there was disorder in the chamber of Eunice Raven, and the tumult of her soul was great, but as the gray dawn crept gently about her the woman arose from her knees and, bearing herself erect and firmly poised, stood beside the writing table at her eastern window.

Beneath her lay the unopened letter that had awaited her hand these 19 years. She smiled at some grim thought in abstract and looked out over the sun tinted mountains.

In the shadow of their quiet, mighty grandeur there lay strength. With cold, narrow lips she pressed the letter—once, twice—and then, with steady, unerring pen, she wrote across its surface:

"Only a heart, a face and a name."

She laid it and locked it away in the very bottom of her trunk. And when she had done that she simply went on with the life of Eunice Raven.

"Larks."

Fashion in Calling Cards.

The Roman or block letter is becoming more popular as the style of engraving for visiting card plates, while the fashionably thin card of two sheet quality is eminently proper. Cards for both men and women are considerably smaller, and the script engraving is finer in consequence, following more closely the English style than the Parisian, which is large and with flourishes. The block or Roman letter plate is very English, and with those affecting London styles it finds great favor. The price more than doubles that of script engraving. Ladies use the block style now on their cards for teas and receptions, as it admits of the necessary engraving of days within a smaller space than the script and enables a smaller card being used.—Ladies' Home Journal.

The Color of Flames.

You have often noticed the many tinted bars and bands that rise in the shape of "forked tongues of flame" from wood burning in the grate. It is ten to one, however, that you never have thought to figure on the cause of the variegated hues presented by flames. To bring the matter quickly to the point, we will say that the many colors are the result of combustion among the different elements of the wood. The light blue is from the hydrogen and the white from the carbon, the violet is from the manganese, the red from the magnesia and the yellow from the soda, which are constituent parts of the wood.—St. Louis Republic.

STATE OF WISCONSIN—CIRCUIT COURT FOR ROCK COUNTY—W. H. Palmer, plaintiff, vs. A. J. Pankhurst and Mary J. Pankhurst, his wife, defendants.

By virtue of an execution issued out of the Circuit Court for Rock County, Wisconsin, on the 9th day of June, A. D. 1896, in the above entitled cause, and to me directed and delivered, which execution is for fifty-four and 95-100 dollars (\$54.95) damages and costs, and further the costs of execution and interest on damages and costs since April 15, A. D. 1896, I have levied upon, and shall sell, at public venue or sale to the highest bidder, on the 23rd day of July, A. D. 1896, at nine o'clock in the forenoon of that day, at the front door of the Court House in the City of Janesville, Rock County, Wisconsin, the following described real estate and premises, or either of them, had on the 23rd day of April, A. D. 1896, the day on which the judgment in the above matter was docketed in the office of the Clerk of the Circuit Court for Rock County, Wisconsin, in and to the following described lands, described as follows, to-wit:

Beginning at a stake on the east bank of Rock River, on the line between sections fifteen (15) and twenty-two (22), in town two (2) north of range twelve (12) east, and running thence north eighty-four (84) degrees twenty (20) minutes west, eighty (80) rods to a stake; thence north seven (7) degrees ten (10) minutes west thirty-six (36) rods to a stake; thence south eighty-four (84) degrees twenty (20) minutes west one hundred and sixty (160) rods to Rock River; thence up Rock River to the place of beginning, excepting therefrom one acre (1) acres lying between Rock River and the Janesville and Beloit river road, heretofore conveyed to Lucy M. Gilbert. All of said premises being in the Township of Rock, County of Rock and State of Wisconsin. Or sufficient thereof to satisfy the said execution and costs and costs of sale.—Dated June 9, A. D. 1896.

Light Lawn Mowers at Lowell's

No excuse for ill-kept lawns when Lawn Mowers that almost run themselves can be bought so cheap. We show six styles.

Lawn Hose at Lowell's

We don't intend to carry any Lawn Hose over. If your outfit is getting old replace it with new. The price just now is trifling.

Up-To-Date Ice Boxes at Lowell's

Get the right kind of Refrigerator and get it big enough. The saving of food not generally kept in a Refrigerator will more than pay for the extra cost of the larger one in the first year's use.

Safe Oil Stoves at Lowell's

So many accidents from the use of Gasoline Stoves, but if you will come in and look at the Quick Meal and let us explain them fully we will guarantee you will see their superiority over other makes.

Summer Shoes at Lowell's

Stylish Shoes are offered as low as 60 cents at Lowell's. The day of big margins in Shoe Leather is past.

Adjustable Screens at Lowell's

No need of carpenters to fit our Adjustable Spring Window Screen. One Screen fits any window.

CITY CONSERVATORIES.

The Rich Man Furnishes Site and Heat, the Florist Does the Rest.

The modern conservatory is not intended for the cultivation of flowers, but merely as a place to advantageously display them, says an exchange. Tropical foliage is preferred, not only because it is decorative, but because it comes from shadowy, stifling jungles and can be appropriately housed in the steam-heated, shaded city house. For conservatories such as these there are no gardeners. They are stocked and tended by some city florist. When a rich man wants a conservatory he goes to his florist and tells him the sort of effect he wants to produce. The two talk it over and the florist agrees to stock and take charge of it for so much a month. His men look after the health of the plants. The only responsibility undertaken by the client is the heating of the conservatory. If he allows the plants to be killed by cold he has to pay for them. They are mainly palms and ferns, of which there are endless varieties. These are not transplanted, but stand in tubs and pots that may be hidden in as costly jars as the rich man can afford. In their season plants in bloom are furnished and these are removed and replaced as circumstances warrant. When arranged artistically the eye seductively led into masses of foliage may imagine any depth of greenery beyond and an appearance of space is counterfeited. In one of the handsomest houses in New York the conservatory, semi-circular in shape, is immediately back of the main gallery. The floor is mosaic, the walls paneled in cream-enameled tiles. There are no shelves, for there is no cultivation. Gigantic palms, ferns, all manner of curious-leaved and bizarre plants stand about in costly jars, maples, Spanish lustras, Japanese bronzes, old terra cotta that are in themselves works of art. These are grouped to perfect the view from the distant drawing-room. A sheet of plate glass makes the sliding door into the art gallery. Against this hangs an orchid like a tassel. This delicately guards the unbroken sheet, which gives so little evidence of a barrier that otherwise it might be in danger. Another notable conservatory used to be on upper Fifth avenue. This opened off of the leather-hung dining room and was screened off by glass doors that might be shut if so desired. These doors were so fashioned as to blend with and admit a glimpse of the green beyond. The greater part was of clear glass. But mingled with it was stained glass which took the semblance of vines and flowers; these were glorious in color and assisted in the prettiest illusion possible.—Exchange.

WHEN REPTILES RULED.

There Was a Time When the Globe Was in Their Possession.

There was a time "in the wide revolving shades of centuries past" when the globe was wholly in the possession of walking, swimming and flying reptiles, says an exchange. Being the dominant type, they divided naturally into three great classes.

In the oceans they became gigantic, paddling enaliosaurians; on dry land—or, rather, wet land, for the whole face of the globe was doubtless a quagmire at that time—they became monstrous, erect dinosaurs, some of which had legs fifteen feet or more in length. Those which inhabited the regions of the air were the terrible flying pterodactyls. For a vast but unknown length of time these awful creatures literally ruled the earth. Then one by one they died out in the face of the younger and more vigorous fauna until at the present time only a few miniature alligators and crocodiles, a few toy snakes and skulking lizards and geckos remain as reminders of the enormous reptilian types that once crowded land and sea.

Crowns Are Cheap.

Birmingham, England, manufactures not only the gods for various races, but the crowns for their kings. While a great many of the gods are cheap affairs, some are rather costly and artistic in design. Crowns range in price from \$5 to \$500. There is a slight falling off in the demand for crowns, however, since so many savage kings have taken to the fancy silk hat and wear it on state occasions in lieu of the crown. The cheapest crowns are truly gorgeous, being decorated with diamonds and other precious stones, all of glass. "On one occasion," says an English traveler, "when I was out in Africa I saw no fewer than twenty small chiefs with crowns of this kind upon their heads—a remarkable body of men they looked. One of them decorated his royal person by wearing a pair of trousers as a coat, while a pair of old gaiters were the only articles of clothing upon his legs."

Effect of Training.

Illustrating the mind's training, a Southern paper tells of a little girl, 4 years old, who happened to be sliding on the ice, when she suddenly fell heavily and was evidently badly hurt. At the sound of her sob a friend rushed to her assistance and caught her in her arms. "You poor little thing, and how did you fall?" The mite raised her head and replied between her sobs: "Vertically." So much for kindergarten training.

Simple Remedy for Croup.

It is frequently asked how much mustard should be given if it is desired to make a patient sick in case of croup or poisoning. A tablespoonful of ground mustard to a tumbler of warm water is the rule. Salt is almost as efficacious as mustard, if the latter is not at hand. If the first tumbler has no effect give more and tickle the back of the throat with a feather.—Ex.

GOLD IS PLENTIFUL.

Newly Discovered Deposits in the Northern Part of the Continent.

While all Europe is having a feverish experience speculating in stocks of African and Australian mining companies it is rather interesting to note that the gold mining operations in this country and Canada have been increasing in a marked degree, says the Boston Transcript. The Black hills mines will, it is estimated, produce \$10,000,000 in gold this year. New finds of rich ore are reported almost every week, new chlorination and cyanide plants are under construction and the district is said to contain mills having the equivalent of 1,100 active stamps. Northern Montana has also been explored for gold and some good indications have been found in the Belt mountains and the Sweet Grass hills. Most of the gold has been found in placers, and as water for mining or for any other purpose was very scarce during the past summer the output for the year will be small in spite of the apparent richness of some of the deposits. The gold region of Rainy lake and the Seine river, northwest of Lake Superior, has recovered from the unhealthy boom of 1892-3, while the mines a little farther to the west, around the Lake of the Woods, are forging rapidly ahead. The Canadian Pacific road gives these mines easy communication with the markets and they have developed quite fast. The oldest mine, the Sultana, has some 1,200 feet of workings and has produced \$110,000 in bullion up to the present time. There are mills with about ninety stamps in this district and a large reduction plant. The great discoveries of the northwest, however, are in the Trail creek country, in the West Kootenai region. Both the Canadian Pacific and the Spokane & Northern roads are building branches in this district, and the town of Rossland, with 3,500 population, has sprung up in about a year. About twenty-five mines are expected to be shipping ore by the beginning of next spring and the Le Roi and War Eagle mines have already paid large dividends. The ore is refractory and contains from \$15 to \$400 of gold to the ton, besides copper, iron and a little silver. A smelter is in course of construction, and when it is completed it will, it is said, be profitable to mine a lower grade of ore than is now handled.

JOYS OF MATERNITY.

VIGOROUS MOTHERS AND STURDY CHILDREN ADMIRER.

Why so Many Women Are Childless—A Problem That Has Puzzled Physicians for Centuries.

Reproduction is a law of nature, and no picture of joy and happiness can equal that of the vigorous mother and her sturdy child.

Nature makes but few mistakes, and every thoughtful person must admit that a cause exists, why so many women are childless.

The subject baffles the theories of physicians. Such cases are curable nine times out of ten, as evidenced by thousands of letters on file at Mrs. Pinkham's office. Many a darling baby owes its existence to Mrs. Pinkham's advice and the Vegetable Compound.

This is not to be wondered at when such testimony as the following explains itself. "I have taken three bottles of your Vegetable Compound, one package of Sanative Wash, one box of Liver Pills; and now I have a dear little babe four weeks old, and I am well. I have to thank you for this."

"I have spent \$200.00 for doctor's bills without obtaining any relief. For my cure I only spent \$5.00."

"I had been a victim of female troubles in their worst form; suffered untold agonies every month; had to stay in bed, and have poultices applied, and then could not stand the pain."

"My physician told me if I became pregnant I would die. I had bladder trouble, itching, backache, catarrh of the stomach, hysteria and heart trouble, fainting spells and leucorrhoea. Can you wonder that I sing the praises of a medicine that has cured me of all these ills?"—Mrs. Geo. C. KIRCHNER, 372 Belmont Ave., Brooklyn, N. Y.

Scores of Valuable Horses Perish.

New York, June 12.—Fire destroyed the building of the American Horse Exchange, which occupied nearly the entire block bounded by Broadway, Seventh avenue, Fifth, and Fifty-first streets, last night. It is supposed that 125 valuable horses perished in the flames, and an unconfirmed rumor has it that one man's life was lost. One hundred fine carriages were also burned. The value of the property consumed is estimated at \$200,000.

Hung Grape for His Own Funeral.

Chillicothe, Ohio, June 12.—Wayne Bowman, aged 73, living near Vigo, Ross county, Wednesday night hung grape on the front door, went to his room, put on his best suit of clothing, and hanged himself, fastening the rope to the top of the door. His body was found by his son, Leaman Bowman. The old man was despondent over the death of his wife, which occurred some time ago, and once before attempted suicide.

Progress of the Walling Trial.

Newport, Ky., June 12.—The trial of Alonzo M. Walling, as far as the examination of witnesses is concerned, will end this week. It will then require Monday, Tuesday and Wednesday next week to give it to the jury. At noon today the defense will close. The rest of the week will be occupied in rebuttal on sur-rebuttal evidence. The defense is employing desperate energy to break down the testimony of George H. Jackson, the colored cab driver.

NOTICE IS HEREBY GIVEN that an ordinance of which the following is a copy will be presented to the mayor and council of the city of Janesville, for their action at a regular meeting of the council to be held at the council chamber, in said city, on the 29th day of June, 1896, at 8 o'clock in the afternoon of that day.

AN ORDINANCE granting to the Western Union Telegraph Company the right to place, and maintain its poles and lines in the streets, alleys and public ways of Janesville, State of Wisconsin, on the terms and conditions herein stated.

Section 1. Be it ordained by the city council of the city of Janesville, State of Wisconsin that the Western Union Telegraph Company, its successors and assigns, are authorized to erect and maintain on the streets, alleys and public ways of the said city of Janesville, the poles and fixtures and wires necessary for the purpose of supplying the citizens of said city of Janesville, and to the public, communication by telegraph, or other improved electrical device, such use to be and continue upon the terms and conditions herein after stated.

Section 2. The location of the poles and lines now in use is hereby approved; and the location of all poles and lines hereafter to be erected and any change in the location of the poles and lines now in use, or extension thereof, shall be under the direction and control of the city council of said city of Janesville.

Section 3. Said poles and wires shall be placed and maintained so as not to interfere with travel on said highways, and said company shall hold said city of Janesville free and harmless from all damages arising by reason of any abuse of said occupancy. This grant is made and it is to be enjoyed, subject to such reasonable regulations and ordinances of a police nature, as said city council of said city of Janesville, is authorized and sees proper, at any time, to adopt, not destructive to the right herein granted.

Section 4. The right of use herein given shall not be exclusive, and the city council of said city of Janesville reserves the power to grant a like right of way to any other telegraph company; the same however, not to interfere with the reasonable and proper exercise of the privileges herein granted.

Section 5. In consideration whereof, said Western Union Telegraph Company shall, and by the acceptance of this ordinance does, agree to allow the city council of said city of Janesville to attach at any time to the top cross-arm of any said poles, where practicable, the city's fire alarm and police wires, and said poles are hereby made a municipal instrumentality for the purpose; provided, however, said attachment shall be so made as not to interfere with said company's use and said attachments shall be made and maintained under the direction of said company's manager in said city of Janesville.

The said company shall and will furnish for the said city of Janesville the use of its poles for the attachment thereto of its fire alarm boxes without charge to said city of Janesville.

Section 6. This ordinance shall take effect on and after its passage and the filing by said company of unconditional acceptance thereof in the office of the city clerk of said city of Janesville.

Section 7. That whenever said company ceases to operate a telegraph line in said city of Janesville, and ceases to use the said poles and lines herein provided for, in the operation of its line of telegraph, then said company shall remove said lines and poles from the streets and alleys of said city of Janesville within sixty days from date that said company so ceases to use and operate said lines.

Attest. This.....day of.....1896.
